

GREAT NEWS FOR NEW YORK ATTORNEYS:

THE INFANT'S COMPROMISE CD IS HERE.

Setting up bank accounts for the settlement funds in Infant's Compromise Orders has been a thorn in the side for attorneys in New York for quite some time. The process is so complicated and convoluted that most bankers simply can't deal with it. So your client ends up back in your office even more confused than they were in the first place. That's why at Esquire Bank, we decided to do something about it.

We created the Infant's Compromise Certificate of Deposit account—the first financial solution of its kind tailored specifically to meet this need. While the interest it earns is competitive with CD rates in the state, what makes this account so unique is the incredible turnkey service we wrap AROUND it.

Simply put, we'll help make sure every last little detail is completely taken care of for your clients. So you end up looking like the hero you are.

TURN THE WHOLE COMPLICATED PROCESS INTO CHILD'S PLAY.

All you have to do is give us a call, and we'll come to your office to meet personally with your client. We'll carefully explain all the details, pick up the order and the check, and walk them through how to fill out the complicated paperwork. We'll also make sure that every "i" is dotted, every "t" is crossed, and hold your client's hand every step of the way.

And here's what our solution will do for you too:

- No more bankers sending clients back to you for certified copies of the ICO or documents that aren't actually necessary.
- No more clients returning months later with "stale" checks that you have to get reissued from the insurance company.
- No more client confusion and uncertainty about exactly what to do.

THE ONLY BANK CREATED BY ATTORNEYS FOR ATTORNEYS.

Innovating new products like the Infant's Compromise CD that fit your business needs perfectly isn't a new phenomenon at Esquire Bank. In fact, we're the only bank that was created by attorneys for attorneys. So nobody understands your needs better than we do.

And while we're definitely a "niche" bank, we're also a full service one in the truest sense of the term. We offer a complete suite of business lending services, including case cost financing, qualified settlement fund lending and post settlement lending. You'll also find a wide array of deposit services and private banking products. And we even offer a better solution to settlement disbursements, a debit card with your firm's name branded right on the front.

If you have a banking need, we can fill it. Just give us a call at 1-800-996-0213.
